FEDERAL SPECIFICATION

WIRE FABRIC, STEEL, WELDED
(FOR REINFORCING CONCRETE)

This amendment, which forms part of Federal Specification RR-W-375A, dated January 21, 1971, was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

PAGE 4

Insert new paragraph as follows:

3.6.4 Surface finish. Rust, surface seams, or surface irregularities will not be cause for rejection provided that the minimum dimensions, cross-sectional area, and tensile properties of a hand wire brushed test specimen are not less than the requirements of this specification.

PAGE 5

5.1.2 First line. Delete "complete equipment" and substitute "wire fabric".

PAGE 6

6.2 e. Delete and substitute "Level of packing required (see 5.1)".
