MIL-C-50705(MU)
AMENDMENT 3
18 July 1973
SUPERSEDING
AMENDMENT 2
15 December 1971

MILITARY SPECIFICATION

CHEST: 10548700

This amendment forms a part of Military Specification MIL-C-50705(MU), dated 11 January 1971.

Paragraph 2.1, under STANDARDS, delete: MIL-STD-810 ENVIRONMENTAL TEST METHODS."

Paragraph 3.4.2, add the following: "An M18 Plotting Board or its equivalent in envelope configuration and weight shall be appropriately installed within the chest prior to meeting the requirements of 3.4.4, 3.4.5 and 3.5."

Paragraph 3.4.4, delete and substitute the following: "IMPACT RESISTANCE.- The Chest shall meet the requirements of 3.4.5 and 3.5 subsequent to being dropped 3 times in its normal upright position from a height of 12 ± 2 inches onto a concrete surface of at least 2 inches thick. The Chest assembly shall not become unlatched as a result of the impacts nor shall there be evidence of damage, such as openings along any joint, delamination, splitting, cracking or loosening of Chest materials or components. Marking or peeling of paint finishes or indentations on body or cover as a result of the impacts is acceptable."

Paragraph 3.4.5, delete and substitute the following: "Water-tightness.- The interior of the Chest shall exhibit no more than two (2) ounces of standing water after having been exposed to a simulated rainfall as specified in Procedure I of MIL-F-13926. Standing water is interpreted to mean water that will run or drain off when the vessel in which it is contained is inverted."

Paragraph 3.5.2. delete and substitute the following: "Handles: All handles shall function without interferene. The supported load shall cause no separation of the handle assembly or result in any other damage which would impair the normal functioning of the Chest."

Paragraph 3.5.3. Interface requirements, change first sentence to read: "The Chest shall interface,support and retain an M18 Plotting Board or its equivalent in envelope configuration and weight."

Paragraph 4.6.5. Delete 'The Chest and Plotting Board components" and substitute "An M18 Plotting Board or its equivalent" in two (2) places.
