MILITARY SPECIFICATION

PRIMER, PERCUSSION, M62
LOADING, ASSEMBLING AND PACKING

This Amendment forms a part of Military Specification MIL-P-60097 (MU), dated 5 November 1964.

Page 1, paragraph 2.1, Specifications, Military: Delete "MIL-I-45208 ... for".

Page 1, paragraph 2.1, Standards, Military: Add "MIL-STD- 1168 - Lot Numbering of Ammunition".

Page 4: Delete paragraph 4.1.1, 4.1.2 and 4.1.3 and substitute the following:

"4.1.1 Submission of product.-At the time the completed lot of product is submitted to the Government for acceptance the contractor shall supply the following information accompanied by a certificate which attests that the information provided is correct and applicable to the product being submitted:

a. A statement that the lot complies with all quality assurance provisions specified within this specification.

b. Number of units of product inspected.

c. Results obtained, by defect code, for all inspections performed.

d. Drawing, specification number and date, together with an identification and date of changes.

e. Certificates of conformance on all material purchased by the contractor when such material is controlled by Government or commercial specifications referenced in any of the contractual documents.

f. Number of items in the lot.

g. Date submitted.

The certificate shall be signed by a responsible agent of the certifying organization. The initial certificate submitted shall be substantiated by evidence of the agent's authority to bind his principal. Substantiation of the agent's authority will not be required with subsequent certificates unless, during the course of the contract, this authority is vested in another agent of the certifying organization.

"4.1.2 Government verification.-Using the contractor's written quality assurance procedure, this detail specification, the applicable drawings and other contractual documents as a guide, the Government inspector shall verify at unscheduled intervals all quality assurance operations performed by the contractor. Verification will be performed to the extent necessary to assure compliance with the contractual requirements. Severity of Government inspection of individual characteristics will be directly related to the seriousness of the classification assigned. In no instance will a characteristic classified "critical" be accepted solely on the basis of the contractor's records."

Page 5: Delete paragraph 4.2.1 and substitute the following:

"4.2.1 Lot formation.-A lot shall consist of primers produced by one manufacturer in one unchanged process, in accordance with the same drawing, same drawing revision, same specification and same specification revision. Drawing, specification, and process changes not affecting safety, performance or interchangeability, as determined by the Government, shall not necessitate changing the lot interfix number. The examinations and tests listed herein shall be performed on inspection lots submitted in accordance with Standards MIL-STD-105 or MIL-STD-1235, as applicable. The criteria and procedures for the assignment of lot numbers shall be in accordance with Standard MIL-STD-1168. Each lot shall contain Primer, Percussion, M61 of one lot interfix number from one manufacturer in accordance with the same drawing and drawing revision, same specification and specification revision."

Page 6, paragraph 4.2.2: Delete and substitute the following:

"4.2.2 Examination.-Inspection for critical defects shall be 100 percent. Sampling plans and procedures for major and minor defects shall be in accordance with Standard MIL-STD-105. Continuous sampling plans in accordance with Standard MIL-STD-1235 may be used if approved by the procuring activity. Also, at the option of the procuring activity, AQL's and sampling plans may be applied to the individual characteristics listed using an AQL of 0.40 percent for each major defect and an AQL of 0.65 percent for each minor defect except where 100 percent inspection is specified. Equipment necessary for the performance of the inspections listed shall be in accordance with 4.2.4."
