Check the source to verify that this is the current version before use.

Thickness: Miniature (at thickest point) - 0.075 inch (minimum) measured at center of device.

Finish: - 24 Karat Gold Electroplated, mirror-like polish and lacquered.

Forcer: Regular - Full forcer permitted.
Miniature - No forcer permitted.

Placement of attachment:

Regular

One screw post and one prong shall be required. One knurled thumb nut of 1/2 inch diameter and one two prong lock washer of 3/8 inch diameter shall be required. One clutch fastener for the prong shall be required. The screw posts and nuts shall be properly sized to accommodate each other. The screw posts shall be of Brass material with a gold-like finish.

A screw post shall be fused (soldered or electronic fusion) to the back of the anchors at the intersecting point and fitted with a thumb-nut. A prong shall be fused (soldered or electronic fusion) to the back of each anchor at the top end of the shank. The measurement between the centers of the screw posts shall be 1-1/8 (± 1/32) inches.

Miniature

Two prongs and two clutch fasteners are required. One prong shall be fused (soldered or electronic fusion) to the back of the stock of one anchor and the other prong fused (soldered or electronic fusion) to the back of the stock of the other anchor. The measurement between the centers of the prongs shall be 11/16 (± 1/32) inches.

Where used:

Regular - Commissioned Warrant Officer hat.

Miniature - Commissioned Warrant Officer Garrison Cap.

Note:
1. Insignia (Regular) shall be positioned on the mount so that the lowest point of intersection of the crossed anchors is even with the top edge of the band.
2. The figure is for information purposes only.
3. Packaging and packing shall be standard commercial practice.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document*(s)* or to amend contractual requirements.
