COMMERCIAL ITEM DESCRIPTION

LOOP, INOCULATING, LABORATORY (Quantitative)

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-L-37661 which was cancelled

This Commercial Item Description covers a Breed type bacteriological inoculating loop that is quantitated to hold liquid inoculum.

Salient Characteristics:

Shall be a Breed type bacteriological inoculating loop that is quantitated to hold 0.01 milliliter (ml) of liquid inoculum.

Shall consist of a wire shank with a loop at one end for holding a 0.01 ml sample.

Shall be fabricated of alloy having concentration of 3.5 percent rhodium and 96.5 percent platinum.

Shall have a weight of not less than 0.90 grams.

Shall have a nominal wire diameter size of 0.91 millimeters (mm).

Shall have a nominal length for the shank of 50 mm. The nominal inside diameter of the loop shall be 4 mm.

Workmanship. The inoculating loop shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One loop, as specified, constitutes one unit.

AMSC N/A FSC 6640

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

Quality Assurance Provisions.

Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements

Records. Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government upon the Government's request, at any time, or from time to time, during the performance of the contract and for a period of three years after delivery of the supplies to which such records relate.

Inspections. Inspections, as used herein, is defined as both examination (such as visual or auditory investigation without the use of special laboratory appliances or procedures) and testing (determination by technical means of physical and chemical properties) of the item.

Inspections and tests. Inspections and tests shall be conducted in accordance with commercial practice to determine compliance with specification requirements

Sampling for inspections and tests. Sampling for inspections and tests shall be conducted in accordance with commercial practice

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
