COMMERCIAL ITEM DESCRIPTION

BRACE, KNEE

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers four sizes of one type of cotton elastic knee brace. The knee brace shall have steel hinges and leather straps for closure.

Salient characteristics:

The knee brace shall have the following sizes and nominal, above the knee circular dimensions:

Small: 11-1/2 inches (29.2 cm) to 13 inches (33 cm).

Medium: 13 inches (33 cm) to 14-3/4 inches (37.5 cm).

Large: 14-3/4 inches (37.5 cm) to 16-1/2 inches (42 cm).

Extra large: 16-1/2 inches (42 cm) and over.

The knee brace shall be made of a cotton elastic material with a leather covered stainless steel hinge on each side and two leather encircling straps for closure.

Workmanship. The knee brace shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One knee brace of the size specified, constitutes one unit.

AMSC N/A FSC 6515

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Quality Assurance Provisions.

Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

Records. Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government upon the Government's request, at any time, or from time to time, during the performance of the contract and for a period of three years after delivery of the supplies to which such records relate.

Inspection. Inspection, as used herein, is defined as both examination (such as visual or auditory investigation without the use of special laboratory appliances or procedures) and testing (determination by technical means of physical and chemical properties) of the item.

Tests. Tests shall be conducted to determine compliance with specification requirements. Where feasible, the same sample shall be used for the determination of two or more test characteristics.

Sampling for examination. Sampling for examination shall be conducted in accordance with MIL-STD-105, with an AQL of 1.0 (percent defective) and an inspection level of II. The unit of product for examination purposes shall be one knee brace as specified in this description.

Defects.

Cut, torn, broken or holes in cotton elastic material.

Cotton elastic material will not extend or recover.

Cotton elastic material is twisted.

Cotton, elastic material separated from leather covered hinges.

Elastic material not cotton covered.

INSTRUCTIONS In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE. This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
