COMMERCIAL ITEM DESCRIPTION

WAX, DENTAL (DISCLOSING)

The General Services Administration has authorized the use of this commercial item description.

Salient characteristics:

This commercial item description covers dental disclosing wax used as an aid in obtaining accurate fit of full and partial dentures.

The disclosing wax shall be an ivory colored material used for determining the fit of full and partial dentures, checking and perfecting occlusion and locating and relieving sore spots. The wax shall be nominally 2 oz. contained in a plastic or glass jar with adequate closure to prevent accidental opening.

Material. The disclosing wax shall consist of petroleum derivatives, vegetable oils and fillers of the type and proportion necessary for production of a dental prosthetic disclosing wax. The wax shall be odorless, tasteless, and non-toxic.

Performance. The disclosing wax shall be tacky so as to adhere to dry surfaces. The wax shall be soft enough to be displaced easily at mouth temperature under the pressure of mastication. The wax shall be stable and shall maintain its form during removal from the mouth and during grinding to relieve excessive pressure areas under denture saddle and on occlusal surfaces.

Instructions. Adequate and accurate instructions for use shall accompany each unit package.

Delivery schedule. A period of not more than three months shall have elapsed from the date of manufacture of the wax to the date of delivery to the Government.

Identification marking. A waterproof permanent label shall be applied to each jar. The legend on the label shall include the manufacturer's name, address and item identification. Each label shall be marked with the lot or control number and date of manufacture.

AMSC N/A FSC 6520

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the currentversion before use.

Workmanship. The wax shall be furnished clean and free of foreign material and any other defects which may detract from its appearance or impair its serviceability.

Unit. Jar (JR). One jar containing 2 oz. of wax, as specified, constitutes one unit.

Quality Assurance Provisions.

Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification, where such inspections are deemed necessary to assure that supplies and services conform to prescribed requirements.

Records. Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government, upon the Government's request, at any time, or from time to time, during the performance of the contract and for a period of three years after delivery of the supplies to which such records relate.

Inspection. Inspection, as used herein, is defined as both examination (such as visual or auditory investigation without the use of special laboratory appliances or procedures) and testing (determination by technical means of physical and chemical properties) of the item.

Sampling for examination. Sampling for examination shall be conducted in accordance with MIL-STD-105. The unit of product for examination purposes shall be one 2 oz. jar of wax. Unless otherwise specified, sampling for examination shall be conducted at inspection level II, AQL 2.5, and sampling for tests (when applicable) shall be conducted at inspection level S-1, AQL 1.0. Examination shall include but not be limited to the following:

Defects.

Package broken or opened, leaks etc.
Wax not free of dirt or foreign material.
Wax not amount and color specified.
Instructions and labeling incomplete, inaccurate or missing.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document.

National Stock Number	Item Identification
6520-00-567-3100	WAX, DENTAL, (DISCLOSING) 2 oz.

Ordering data. Intermediate/exterior package quantities, labeling, and marking must be as specified in the contract and/or order.

INSTRUCTIONS In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide s[illegible]tions. This form may be detached, folded along the lines indicated, taped along the loose edge (DO NOT STAPLE), and m[illegible]l. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation was too rigid, restrictive, loose, ambiguous or was incompatible and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
