MIL-C-5927D
AMENDMENT 2
6 August 1982
SUPERSEDING
AMENDMENT 1
7 October 1974

MILITARY SPECIFICATION

CONVEYORS, WHEEL GRAVITY, EXTRACTION KIT

This amendment forms a part of Military Specification MIL-C-5927D, dated 21 May 1970, and is approved for use by all Departments and Agencies of the Department of Defense.

PAGE 1

*2.1

Federal Specifications:

Delete: "QQ-A-416 Plating, Cadmium (Electrodeposited)"

PAGE 2

2.1

Military Standards:

Delete: "MIL-STD-810 Environmental Test Methods for Aerospace and Ground Equipment"

PAGE 3

*Add new para 3.2.2.3 as follows:

"3.2.2.3 Recovered material. All material used in the products covered by this specification shall be new and shall be fabricated using materials produced from recovered materials to the maximum extent practicable without jeopardizing the intended use. However, this does not mean that used or rebuilt products are allowed."

PAGE 4

3.4.1.3 Axles. Delete the first sentence and substitute: "The axles shall be fabricated from high carbon (minimum C1060) steel, shall be not less than 1/4 inch diameter, and shall be spaced on 3 inch centers along the side rails."

PAGE 5

3.5.1 Section. Add the following after the first sentence: "Effort to start the 1875 pound load rolling shall not exceed 75 pounds."

PAGE 6

3.6 Roll. Delete this paragraph entirely.

*3.10.2 Plating. Delete "cadmium or"; delete "QQ-P-416".

PAGE 9

Table I. Delete all information pertaining to High Temperature and Low Temperature (Preproduction test only).

4.4.2.1 Moving load. Delete the second sentence and substitute: "Effort to start rolling load shall be tested to verify conformance with 3.5.1. Rolling load shall cause no permanent deformation greater than 0.015 inch to axles and no visible damage to rollers or their bearings."

PAGE 10

4.4.3 Environmental test. Delete this paragraph entirely.

4.4.3.1 Low temperature. Delete this paragraph entirely.

4.4.3.2 High temperature. Delete this paragraph entirely.

The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
