Delete paragraph 6.3 and substitute the following:

"6.3 Certain provisions (case configuration and location of the zero position on the dial) of this specification are the subject of international standardization agreement ASCC 17/20C and STANAG 3434. When amendment, revision, or cancellation of this specification is proposed which will affect or violate the international agreement concerned, the preparing activity will take appropriate reconciliation action through international standardization channels including departmental standardization offices, if required."
