NOTES.

1. MATERIAL Steel, forged, in accordance with the procurement specification
2 PROTECTIVE COATING Hot-dip galvanized in accordance with ASTM A153
3. THREADS The threads shall be in accordance with the Screw Thread Standards for Federal Services, Handbook H-28.
4. These dimensions are given for reference only.
5 All dimensions are in inches, unless otherwise specified.
6. The MS part number consists of the MS number, plus the dash number
   Example MS27120-1.
7. The recommended working load (safety factor 5 to 1) is based on the breaking strength at the thread root.
8. For design feature purposes, this standard takes precedence over procurement documents referenced herein.
9 Reference documents shall be of the issue in effect on date of invitations for bid.
10 The illustration is for identification and is not intended to restrict designs or shapes not dimensioned
11 Dash numbers 47 thru 52, inclusive, are inactive for new design No longer manufactured
