4.4.2 Delete second paragraph and add:

"Alternatively the perchlorate may be determined by a direct electrometic titration of chloride ion or a gravimetric determination with silver nitrate after sodium carbonate fusion and dissolution in nitric acid. In the calculation of perchlorate from the equivalents of chloride ion, corrections shall be applied for chloride and chlorate percentages as impurities in the ammonium perchlorate. A correction for sodium perchlorate may be made if required by the detail specification."

4.4.4 First sentence after "silver nitrate" add "or a permanganate titration."
