COMMERCIAL ITEM DESCRIPTION

TRIPROLIDINE HYDROCHLORIDE AND PSEUDOEPHEDRINE HYDROCHLORIDE TABLETS

The General Services Administration has authorized the use of this Commercial Item Description.

This drug is an antihistamine and sympathomimetic amine that may be used for symptomatic treatment of nasal congestion.

SALIENT CHARACTERISTICS: This Commercial Item Description applies to tablets packaged in various quantities according to customary commercial practice, including unit of use and unit dose. The tablets shall contain 2.5 mg. of Triprolidine Hydrochloride and 60 mg. of Pseudoephedrine Hydrochloride per tablets within the applicable assay limits for the tablets. Materials used in manufacture shall be of a pharmaceutical grade and finished tablets shall be scored and intact. Expiration dating shall be not less than 18 months remaining at time of delivery to the Government, and may range up to 60 months, as deemed appropriate by the contracting officer.

CONTRACTOR CERTIFICATION: The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same as the product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

REGULATORY REQUIREMENTS

Federal Food, Drug and Cosmetic Act - If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under it's jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by it's subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local ordinances, statutes, and regulations.

Recovered Materials - The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

PRESERVATION, PACKAGING, PACKING, LABELING, AND MARKING: Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior packaging quantities and labeling and marking shall be as specified in the contract and/or order.

For Information Only - The following product, as of the date of this document, is purported by the following company to meet the salient characteristics of the item described herein: Actifed Tablets, NDC 0081-0018-75, Burroughs Wellcome Co.
