COMMERCIAL ITEM DESCRIPTION

FOOTWEAR COVERS, OPERATING ROOM (Disposable)

The General Services Administration has authorized the use of this Commercial Item Description.

This Commercial Item Description describes a footwear cover to be worn over shoes, provided with conductive strip for use in areas where static electricity must be controlled, or without strip for use in other areas, as an aid in maintaining sanitary conditions.

Salient Characteristics: Footwear Covers, One time use, Tyvek (NO. 1421F or 1423F), Evolution Two, or Boundary without tears or flaws in material, and without excessive threads, green or blue, fluid repellency, nonskid, no open seams, elasticized top with opening to allow from 8 inches to 12 inches stretch, bottom stretched to 14-1/2 inches ±1/4 inch, heel depth, 7-1/4 inches ±1/4 inch fits over and conforms to a woman's size 4 through a man's size 13 shoe for secure, soft and comfortable fit, worn for short periods of time (maximum 3 hours), Dispenser box.

Type I - Without conductive strip

Type II - With conductive strip, having U.L. approval, or equal

Contractor Certification: The contractor shall certify that the product offered meets the salient characteristics of this description, and conforms to the producer's own drawings, specifications, standards and quality assurance practices, and is the same as the product sold in the commercial market place. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory Requirements

Federal Food, Drug and Cosmetic Act - If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials - The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking - Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

For information only - The following products as of the date of this document, are purported by the following companies to meet the salient characteristics of the items described herein:

FSC 6532
