COMMERCIAL ITEM DESCRIPTION

FOOTWEAR COVERS, OPERATING ROOM (Disposable)

The General Services Administration has authorized the use of this commercial item description.

This commercial item description describes a footwear cover to be worn over shoes by hospital personnel.

Salient characteristics. Footwear covers, disposable, nonconductive, nonskid, nonwoven synthetic material, without tears or flaws in material and without excessive threads, moisture resistant, elasticized top which allows the cover to hold firmly to the shoe by the elastic binding and band. Opening to allow for one size fits all. (secure, soft and comfortable fit)

Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, providing they fall within the tolerances specified using conversion tables contained in the latest revision of Federal Standard 376, and all other requirements of this document are met.

If a product is manufactured to metric dimensions and those dimensions exceed the tolerances specified in the inch-pound units, a request should be made to the contracting officer to determine if the product is acceptable.

The contracting officer has the option of accepting or rejecting the product.

Contractor certification: The contractor shall certify that the product offered meets the salient characteristics of this description, and conforms to the producer's own drawings, specifications, standards and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.
