COMMERCIAL ITEM DESCRIPTION

AIRWAYS, PHARYNGEAL

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for VA Specification X-1641b which is cancelled.

This Commercial Item Description covers a device for use as an adjunct in mouth-to-mouth breathing for artifical and/or emergency respiration.

Salient Characteristics: Airways, Pharyngeal, Berman design, disposable, opaque, nontoxic, shall be fabricated from uncolored class A low density polyethylene in accordance with ASTMD-1248-78.

Type I - Sterile

Size
1. Adult - 100 mm

Type II - Non-Sterile (clean)

Size
1. Adult - 100 mm
2. Child - 80 mm
3. Infant - 43 mm

Contractor Certification: The contractor shall certify that the product offered meets the salient characteristics of this description, and conforms to the producer's own drawings, specifications, standards and quality assurance practices, and is the same as the product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory Requirements

Federal Food, Drug and Cosmetic Act - If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials - The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking - Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
