MIL-I-10B
AMENDMENT 3
6 December 1984
SUPERSEDING
AMENDMENT 2
10 February 1976

MILITARY SPECIFICATION

INSULATING COMPOUND, ELECTRICAL, CERAMIC

CLASS L

This amendment forms a part of Military Specification MIL-I-10B, dated 22 December 1966, and is approved for use by all Departments and Agencies of the Department of Defense.

*This amendment corrects title of Amendment 2 by changing "MATERIALS" to "COMPOUND."

PAGE 1

1.2: Delete "B" from finish designator and substitute "G".

PAGE 3

1.2.5, delete and substitute:

"1.2.5 Finish designator. Insulating compounds shall be further identified by a single letter designator, 'G' or 'C', to represent finish, i.e., L323G, L323 X/04G, L323TG or L323 X6/04TG (see 6.1 and 6.2).

Symbol	Finish
G - - - -	Glaze. Glass and glass bonded mica are not included.
C - - - -	Natural vitreous surface. Includes the fired ceramics, e.g., porcelain, steatite, and alumina; and the nonfired ceramics, e.g., glass and glass-bonded mica."

PAGE 4

3.2.1.1, delete and substitute:

"3.2.1.1 Color. The color of glaze on glazed body compounds shall be as specified (see 6.2)."

PAGE 8

4.6.5: At end of paragraph, add "Similar equipment or procedures having equivalent accuracy may be used for this test when approved by the qualifying activity."

NOTE: The margins of this amendment are marked with an asterisk to indicate where changes from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
