COMMERCIAL ITEM DESCRIPTION

DIFLUNISAL TABLETS, USP

The General Services Administration has authorized the use of this Commercial Item Description.

Salient Characteristics:

Shall be Diflunisal Tablets, USP.

Shall be in accordance with the requirements of the USP.

For Strength I, shall contain 250 mg of Diflunisal per tablet, within the applicable assay limits.

For Strength II, shall contain 500 mg of Diflunisal per tablet, within the applicable assay limits.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

All ingredients entering into the manufacture of the tablets shall be of a pharmaceutical grade.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

AMSC\NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit.

Bottle (BT).

For Size 1, one bottle containing 60 tablets as specified, constitutes one unit. Bottle shall be supplied with a child-resistant safety closure and shall have a minimum height of 51 mm base to shoulder.

Package (PG)

For Size 2, shall be supplied 100 tablets, unit dose, in a commercially blister or strip packaging. One package containing 100 individually sealed tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.
