COMMERCIAL ITEM DESCRIPTION

CALCIUM CARBONATE AND VITAMIN D TABLETS

The General Services Administration has approved the use of this Commercial Item Description.

Salient characteristics.

Shall be coated Calcium Carbonate and Vitamin D Tablets.

All ingredients shall be of a pharmaceutical grade.

Strength:

Calcium Carbonate 625 mg equivalent to 250 mg elemental calcium.

Vitamin D_2 or D_3 125 USP units.

Various trace elements may be included.

The tablets shall assay to contain not less than 92.5 percent and not more than 110 percent of the required amount of Calcium Carbonate when determined by the USP Method in the monograph for Calcium Carbonate Tablets, USP.

The tablets shall assay to contain not less than 90 percent and not more than 150 percent of the required amount of Vitamin D_2 or D_3 during the three year shelf life when determined by the USP Method (581) or another suitable, accurate, and reproducible method(s).

AMSC N/A FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

The tablets shall have a 30 minute disintegration time, in simulated gastric fluid T.S. being used as the test medium, using the USP Method. As an alternate, shall have a 35 minute disintegration time (5 minutes in water at room temperature plus 30 minutes in gastric fluid at 37 degrees centigrade) using a suitable, accurate and reproducible method(s).

The tablets shall have a Dissolution Rate of NLT 85.0 percent in 30 minutes using 0.IN Hydrochloric Acid as the test medium and using the USP Rotating Basket, USP, Paddle Apparatus.

The tablets shall contain not more than 40 microbes per g when determined by a suitable, accurate, and reproducible method(s) acceptable to the FDA.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

For Size 1 - Bottle (BT). One bottle containing 100 tablets, as specified, constitutes one unit.

For Size 2 - Bottle (BT). One bottle containing 1000 tablets, as specified, constitutes one unit.

Contractor Certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.

NOTE: The following National Stock Numbers are covered by this document:

NSN	ITEM IDENTIFICATION	SIZE
6505-01-156-1775	CALCIUM CARBONATE AND VITAMIN D TABLETS, 625 mg, 100s.	1
6505-01-206-0941	CALCIUM CARBONATE AND VITAMIN D TABLETS, 625 mg, 1000s.	2
