W-B-30A
AMENDMENT-2
March 6, 1978
SUPERSEDING
INTERIM AMENDMENT-1
June 16, 1977

FEDERAL SPECIFICATION

BALLAST, FLUORESCENT LAMP

This amendment, which forms a part of Federal Specification W-B-30A, dated October 29, 1976, was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

PAGE 1

Title: Delete the present title, "BALLAST, FLUORESCENT LAMP", and replace with the following title:

"BALLAST, FLUORESCENT LAMP
(NON-POLYCHLORINATED BIPHENYL TYPE)"

Paragraph 1.1, last sentence, delete in its entirety and replace with the following:

"Ballasts covered herein shall conform to ANSI Standard C 82.1 and Public Law 94-469 of October 12, 1976, (Toxic Substances Control Act)."

PAGE 3

Paragraph 3.3, delete in its entirety and replace with the following:

"3.3 Material. All material used in construction of ballasts shall be suitable for the purpose intended and shall be free of defects that affect ballast appearance serviceability, or safety. Ballasts shall not contain polychlorinated biphenyl (PCB insulating fluids and shall be marked in a manner, as determined by the manufacturer to indicate same. Metals shall be protected against corrosion. (See 4.4.1 for visual examination.)"

PAGE 4

Paragraph 4.4.1, last sentence, delete in its entirety and replace with the following:

"With regard to 3.3 requirement precluding polychlorinated biphenyl insulating fluids, the Government representative shall verify that ballast is marked in a manner, as determined by manufacturer, to indicate that it is a non-polychlorinated biphenyl product. Ballasts that fail to comply with any of the above requirements shall be considered unacceptable."
