COMMERCIAL ITEM DESCRIPTION

PELLET, ABSORBENT, COTTON

This Commercial Item Description shall be used in preference to Military Specification MIL-P-37381.

This Commercial Item Description covers cotton pellets which shall be suitable for use in dental procedures.

Salient characteristics:

The pellets shall be of the following sizes, as specified:

DIAMETER	MINIMUM NET WEIGHT
Size 1 - 1/8 inch	160 grains
Size 2 - 5/32 inch	200 grains
Size 3 - 1/4 inch	500 grains

The pellets shall be Purified Cotton, USP, and shall be spun spherical in shape. The minimum net weight shall be the minimum weight of the pellets in the unit package.

Workmanship. The pellets shall be free from dirt, lumps and other impurities or foreign matter. The end item shall be uniform in quality and free from foreign matter and any defects that will affect life, serviceability or appearance.

Packaging and packing quantities. Unit package (PG). One package containing three thousand pellets of size 1 or twenty-five hundred pellets of size 2 or size 3, as specified, constitutes one unit. Shipping container shall contain 12 units.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements. The offeror/contractor shall comply, and be responsible for compliance by their subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act and regulations promulgated thereunder, and the requirements of all other applicable Federal and State statutes and regulations.

Recovered materials. Offerors/contractors are encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, and packing. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from the receiving activity, and conforms to applicable carrier's rules and regulations.
