DATA ITEM DESCRIPTION

Title: First Article Qualification Test Plan and Procedures

Number: DI-NDTI-81307A
AMSC Number: 7649
DTIC Applicable: No
Office of Primary Responsibility: NS/I522
Applicable Forms: N/A

Approval Date: 21 NOV 2006
Limitation: N/A
GIDEP Applicable: No

Use/relationship:

To establish test procedures, test equipment, and the inspection criteria that will be used by the contractor for first article qualification.

This Data Item Description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

This DID supercedes DI-NDTI-81307.

Requirements:

1. Reference documents. None.

2. Format**:**

The plan shall be in the contractor's format.

3. Content**:**

This test plan shall include the following:

a. Purpose of test.

b. Applicable documents.

c. Description of units to be tested.

d. Test description to include the following:

(1) Step-by-step procedures which are to be followed by the operator when performing each test.

(2) Define readings to be taken, settings to be used, and description of the test equipment, including commercial identification.
