COMMERCIAL ITEM DESCRIPTION

SPECIMEN COLLECTION UNIT, URINE AND STOOL

The General Services Administration has authorized the use of this commercial item description.

This Commercial Item Description covers a washable, durable, plastic urine and stool specimen collection unit for single-patient use.

Salient characteristics:

Shall be a molded polystyrene specimen collection unit designed to fit under a commode seat and provide for the collection of urine and stool specimens.

The specimen collection unit shall have the following dimensions:

Overall width	-	13-1/2 inches (34.3 cm)
Overall height	-	3-1/2 inches (8.9 cm)
Cavity width at top	-	6 inches (15.2 cm)
Cavity width at bottom	-	4-5/8 inches (11.7 cm)

The specimen collection unit shall have a printed or molded volume scale of contrasting color to measure patient output in ounces and cubic centimeters.

The specimen collection unit shall be free from objectionable odor, sharp edges, cracks, holes, or thin areas. The edges shall be smooth or rounded to preclude injury to patients.

The specimen collection unit shall be sufficiently sturdy to permit repeated use and shall be capable of being washed in hot water without deterioration. When filled with water at 140^{0}F. + 10^{0}, -0^{0}F. (60^{0}C. + 6^{0}, -0^{0}C.) and placed on a flat surface for one hour, the unit shall not show evidence of leakage, cracking, warping, or deformation.

Workmanship. The specimen collection unit shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing one hundred specimen collection units, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

The following National Stock Number is covered by this document:

6530-01-110-1369

Ordering data. Intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
