COMMERCIAL ITEM DESCRIPTION

PAPER, ELECTROCARDIOGRAPH RECORDING

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers an electrocardiograph recording paper compatible with NSN 6515-01-174-2406 and NSN 6515-01-204-1854.

Salient characteristics:

Shall be a thermo-sensitive electrocardiograph recording paper. The paper shall provide a non-smudging recording which shall not fade over a one-year period. The paper recordings shall also provide clear copies after copying in a copying machine. The recording paper shall be ruled with a 1.0 mm divisions along both the time and voltage axes. The 1.0 mm divisions shall not deviate more than ± 2 percent from 1.0 mm in either axis. The rule division shall span, along the voltage axis, at least 40 mm. A unit of paper shall be 100 feet in length.

Workmanship. The paper shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Roll (RO). One roll of recording paper, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.
