COMMERCIAL ITEM DESCRIPTION

CODEINE PHOSPHATE AND ASPIRIN TABLETS

The General Services Administration has authorized the use of this commercial item description in preference to MIL-C-37526.

The Commercial Item Description covers Codeine Phosphate and Aspirin Tablets for use as a narcotic analgesic.

Salient characteristics:

Shall be Codeine Phosphate and Aspirin Tablets.

Shall contain 0.03 Gram Codeine Phosphate, USP and 0.325 Gram Aspirin USP within the applicable assay limits.

Not less than 21 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

For size 1 - Box (BX). One box containing 25 tablets, individually sealed in a commercially available reverse-numbered continuous roll blister or strip package, as specified, constitutes one unit.

For size 2 - Bottle (BT). One bottle containing 1000 tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
