COMMERCIAL ITEM DESCRIPTION

NAPHAZOLINE HYDROCHLORIDE AND PHENIRAMINE MALEATE OPHTHALMIC SOLUTION

The General Services Administration has authorized the use of this commercial item description.

This Commercial Item Description covers Naphazoline Hydrochloride and Pheniramine Maleate Ophthalmic Solution for use as topical ocular decongestant and antihistamine.

Salient characteristics:

Shall be sterile Naphazoline Hydrochloride and Pheniramine Maleate Ophthalmic Solution. Each milliliter of the solution shall contain 0.025 percent of Naphazoline Hydrochloride and 0.3 percent of Pheniramine Maleate within the applicable assay limits.

Not less than 20 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Ophthalmic Solution shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Bottle (BT). One dropper-tip squeeze bottle containing 15 ml, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

FSC 6505
