FEDERAL SPECIFICATION SHEET

TRIANGLES, DRAFTING: STEEL, OPEN CENTER

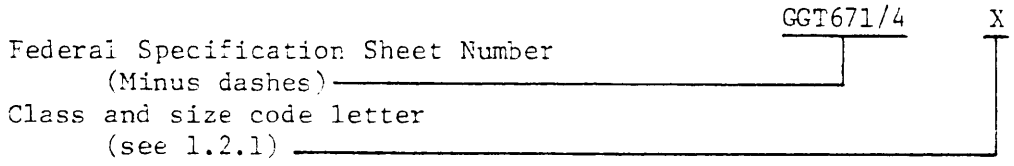

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

The complete requirements for procuring triangles described herein shall consist of this document and the latest issue in effect of Federal Specification GG-T-671.

1. SCOPE AND CLASSIFICATION

1.1 Scope. This specification sheet covers the specific requirements for Type IV corrosion-resisting steel triangles.

1.2 Classification. The triangles covered by this specification shall have a definitive Federal specification part number and shall be designated in the following form (see 6.2 and 6.3).

FSC 6675

1.2.1 Class and size of triangles. The class and size of triangles are identified by a single letter (see Table I).

Table I. Class and size code letter

Size 1/ (Inches)	Class		
	A	B	C
4	D	L	-
6	E	M	X
8	F	N	Y
10	G	O	Z
12	H	P	-
14	I	Q	-
16	J	R	-
18	K	S	-

Class A - 30 degree - 60 degree angle.
Class B - 45 degree angle.
Class C - 22-1/2 degree - 67-1/2 degree angle.

Note:
1/ The size of the triangle is the length of the longest side other than the hypotenuse.

3. REQUIREMENTS

3.1 Description. Triangles shall be in accordance with GG-T-671 and as specified herein.

3.2 Fabrication. The triangles shall be corrosion-resisting steel with a thickness of 0.07 ± 0.01 inch and shall have trangular-shaped cutout or open centers. The width of the sides between the outer edge and the open center shall be not more than 10 percent of the length of the side. The inner edges shall be beveled for finger grips on both sides. The outside or ruling edges shall be straight and true within plus 0.003 inch. The surfaces of the triangles shall be flat and true within 0.010 inch.

6. NOTES

6.1 Intended use. The triangles are for use in drafting and preparing drawings and maps.

Check the source to verify that this is the current version before use.

6.2 Ordering data. Procurement documents should specify those desired options offered in GG-T-671 and should also specify the following:

(a) Federal specification sheet part number required (see 1.2).

6.3 Federal specification part number definition. The Federal specification part number is a definitive part number which corresponds to the class and size of triangles covered by this specification sheet and defines the requirements of the options presented under this specification. The Federal specification part number is formed by combining the Federal specification number (without the dashes) with a dash after it and the class and size of triangle code letter as shown in 1.2.

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

INSTRUCTIONS: This form is provided to solicit beneficial comments which may improve this document and enhance its use. DoD contractors, government activities, manufacturers, vendors, or other prospective users of the document are invited to submit comments to the government. Fold on lines on reverse side, staple in corner, and send to preparing activity. Attach any pertinent data which may be of use in improving this document. If there are additional papers, attach to form and place both in an envelope addressed to preparing activity. A response will be provided to the submitter, when name and address is provided, within 30 days indicating that the 1426 was received and when any appropriate action on it will be completed.

NOTE: This form shall not be used to submit requests for waivers, deviations or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.

DOCUMENT IDENTIFIER *(Number)* AND TITLE

GG-T-671/4B Triangles, Drafting: Steel, Open Center

NAME OF ORGANIZATION AND ADDRESS OF SUBMITTER

☐ VENDOR ☐ USER ☐ MANUFACTURER

1. ☐ HAS ANY PART OF THE DOCUMENT CREATED PROBLEMS OR REQUIRED INTERPRETATION IN PROCUREMENT USE? ☐ IS ANY PART OF IT TOO RIGID, RESTRICTIVE, LOOSE OR AMBIGUOUS? PLEASE EXPLAIN BELOW.

A. GIVE PARAGRAPH NUMBER AND WORDING

B. RECOMMENDED WORDING CHANGE

C. REASON FOR RECOMMENDED CHANGE(S)

2. REMARKS

SUBMITTED BY *(Printed or typed name and address — Optional)*

TELEPHONE NO.

DATE

DD FORM 1 OCT 76 1426 EDITION OF 1 JAN 72 WILL BE USED UNTIL EXHAUSTED.
