COMMERCIAL ITEM DESCRIPTION

STAIRS, EXERCISE

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a corner style exercise staircase for use in physical therapy.

Salient characteristics:

The corner style exercise staircase shall be suitable for training in climbing staircases.

The staircase shall have four 6 inch (15 cm) high steps on one side and eight 3 inch (7.5 cm) high steps situated at 90°.

Width between handrails without support stanchion intrusions shall be 36 inches (90 cm) minimum to permit attendant to walk beside patient.

Length of the staircase 3 inch step side shall be approximately 99 inches (251 cm). Length of the staircase 6 inch step side shall be approximately 63 inches (160 cm). Top landing shall be approximately 36 inches by 36 inches (90 cm by 90 cm).

Staircase shall have handrailings with a nominal height of 30 inches to 34 inches (76.2 cm to 86.4 cm) at front of any step or on top of landing. A guard railing shall be positioned at midpoint of this height.

Railings shall withstand a lateral load, applied anywhere along its length, of 150 pounds with a deflection not to exceed 1.5 inches (3.8 cm). Repeating this loading at the rate of 5 cycles per minute for 15 minutes shall not result in any permanent deformation or loosening of fasteners.

All walking surfaces shall have durable no-skid covering with the exception of the areas under the railings. These smooth areas shall not extend more than 6 inches (15 cm) from the outer edges of steps or platform.

Workmanship. The exercise stairs shall be free from defects which detract from its appearance or impair its serviceability.

AMSC N/A FSC 6530

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit. Each (EA). One exercise stairs, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

6530-01-166-7766

Ordering data. Intermediate/exterior package quantities, labeling, and marking must be specified in the contract and/or order.
