COMMERCIAL ITEM DESCRIPTION

SHAVE KIT, PATIENT

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a lightweight, disposable, personal patient shaving kit.

Salient characteristics:

The shave kit shall consist of a disposable, lightweight, single edge razor and an approximately one ounce aerosol container of shaving cream.

The razor shall be a "T" shape design with a teflon coated stainless steel blade. Overall length of the razor shall be approximately 4 inches long with a blade cutting edge approximately 1-7/16 inches long.

The razor, except for the stainless steel blade, shall be constructed entirely of a suitable strong, heat-resistant plastic. The razor handle shall be easy to hold.

The razor shall be designed with suitable blade guards to prevent injury to patients during use.

The razor shall have a separate strong plastic blade protector that is easy to remove and replace.

The razor shall be capable of giving 5 to 10 shaves in normal use, depending on the patient beard type and use conditions.

Plastic parts of the razor shall have no burrs, cracks, or sharp edges. The blade shall be free of burrs or nicks.

Each individual kit shall be packaged clean and ready for use.

Workmanship. The patient shave kit shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing one hundred individually packaged patient shave kits, as specified, constitutes one unit.

AMSC N/A FSC 6530

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

6530-01-166-9517

Ordering data. Intermediate/exterior package quantities, labeling, and marking must be specified in the contract and/or order.
