2.2 Other Publications

Delete "National Bureau of Standards Publication Handbook H28 Screw-Thread Standards for Federal Services.
(Application for copies should be addressed to the Superintendent of Documents, Government Printing Office, Washington, DC 20402.)"

PAGE 4

3.1 Delete and substitute the following:

"3.1 Qualification - The valves furnished under this specification shall be a product which is qualified for listing on the applicable qualified products list at the time set for opening of bids (see 4.3, 4.3.1, and 6.4).

3.2, Delete and substitute the following:

"3.2 First article - When specified (see 6.2), the contractor shall furnish sample units for first article inspection and approval (see 4.4, 4.4.1 and 6.2C)

3.3.1.1, line 3: Delete "MS33586" and substitute "MIL-STD-889"

PAGE 5

3.4.1.3, Delete "Handbook H28" and substitute "FED-STD-H28".

3.4.1.5, Delete and substitute the following:

"3.4.1.5 Degreasing - Prior to assembling the valve, all internal surfaces of the valve shall be degreased by flushing with a cleaning compound, MIL-C-81302 or using a vapor phase degreaser in accordance with MIL-T-81533. Components shall be cleaned by immersing, scrubbing, or pressure spray with MIL-C-81302 cleaning compound or ultrasonics may be used in conjunction with a vapor degreaser or MIL-C-81302 cleaning compound. After completion of the cleaning and when assembled a General Electric type H leak deterctor or equivalent Halide testing apparatus shall be used to determine the absence of the cleaning compound."

PAGE 7

4.1, Delete and substitute the following:

"4.1 Responsibility for Inspection - Unless otherwise specified in the contract, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract, the contractor may use his own or any other facilities suitable for the performance of the

inspection requirements specified herein, unless dissapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements."

PAGE 8

4.2(a) Delete and substitute the following:

"a. Qualification inspection - Qualification inspection consists of examinations and tests performed on samples submitted for approval as qualified products (see 3.1, 4.3, 4.3.1, and 6.4).

(1) Retention of qualification - Retention of qualification consists of periodic verification to determine compliance of the qualified product with the requirements of this specification (see 3.1, 4.3, and 4.3.2)."

4.3.1, lines 5 and 6: Delete "the Supply Officer, Naval Air Development Center, Johnsville, Warminster, Pennsylvania 18974, Attention: Director, Aerospace Crew Equipment Department." and substitute "a test facility set forth in the letter of authorization to submit samples (see 6.4)."

4.3.2 Add the following new paragraph:

"4.3.2 Retention - The retention of qualification shall consist of periodic verification to determine compliance of the qualified valves with the requirements of this specification. The time and method of periodic verification shall be specified by the activity responsible for the Qualified Products List and shall be included in the Notice of Qualification letter."

PAGE 9

4.4.1, 4.4.1.1, 4.4.1.1.1 and 4.4.1.2, Delete and substitute the following:

"4.4.1 First article samples - Unless otherwise specified as soon as practicable after award of a contract or order the the manufacturer shall submit four valves of each MS or AN number specified in the contract or order. The samples shall be representative of the construction, workmanship, components, and materials to be used during production. When a manufacturer is in continuous production of these valves from contract to contract, submission of further first article samples on the new contract may be waived at the direction of the procuring activity (see 6.2). Approval of the first article inspection does not prelude the requirements of submitting to the quality

conformance inspection. The first article samples shall be furnished to the government as directed by the contracting officer (see 6.2).

4.4.1.1 Upon completion of the first article inspection, all the applicable inspection reports and when applicable, recommendations and comments pertinent for use in monitoring production will be forwarded to the government quality assurance representative. Two approved valves will be returned to the manufacturer for use in monitoring production . The other valves will be consumed or destroyed in the first article inspection and shall not be considered as part of the quantity to be delivered under contract."

PAGE 16

5., Delete "PREPARATION FOR DELIVERY" and substitute "PACKAGING."

PAGE 21

6.3, Delete paragraph in its entirety and substitute the following:

"6.3 Contract Data Requirements - When this specification is used in a procurement which incorporates a DD Form 1423 and invokes the provisions of 7-1049(n) of the Defense Acquisition Regulations, the data requiremens identified below will be developed as specified by an approved Data Item Description (DD Form 1664) and delivered in accordance with the approved Contract Data Requirements list (DD Form 1423) incorporated into the contract when the provisions of DAR-7-1049(n) are not involved, the data specified below will be delivered by the contract in accordance with the contract requirements deliverable data required by this specification is cited in the following paragraph:

Paragraph	Data Requirement	Applicable DID
4.4.1.1	First Article Inspection Reports	DI-T-5329 Inspection Test Reports

6.4, line 12: Delete "Johnsville."

lines 12 and 13: Delete "Director, Aerospace Crew Equipment Department and substitute "Code 6031."

6.5 Add the following new paragraph:

"6.5 When a first article is required, it shall be tested under the appropriate provision of 7-10455 of the Defense Acquisition Regulation. The first article should be a preproduction sample. The contracting officer should include specific instructions in all procurement instruments regrading arrangements for examinations, test, and approval of the first article."
