COMMERCIAL ITEM DESCRIPTION

NITROFURAZONE FOR SOLUTION, VETERINARY

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers Nitrofurazone for Solution, Veterinary, for use as an anti-infective agent.

Salient characteristics:

Shall be Nitrofurazone for Solution, Veterinary.

Shall be supplied as a dry mixture equivalent to 18.35 percent (41.65 grams) of Nitrofurazone in a stabilizing water-soluble base. Each packet shall contain 8 oz (227 grams) of the dry mixture.

Not less than 32 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). Shall be supplied 8 oz (227 gram) in a commercially available packet. One package containing 20 packets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

For information only. The following product(s), as of the date of this document, is/are purported by the following companies to meet the salient characteristics of the item(s) described herein:

Norden Laboratories-Furacin Water Mix Concentrate

NOTE: The following National Stock Number is covered by this document:
