COMMERCIAL ITEM DESCRIPTION

PLIERS, OPTICIANS', CHIPPING

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers one type of opticians' pliers to be used for chipping ophthalmic lens edges or blanks before finishing.

Salient characteristics:

Shall conform to the design and dimensions as shown on Figure 1.

A sliding locking ring shall be fitted over the handles to permit use as a hand vise. A flat spring shall be included in the handles to open jaws automatically upon releasing the grip pressure.

Shall be made of tool steel type 1040 series, nickel plated or chromium plated over nickel base throughout.

Hardness of the jaws shall be C40 to C58 Rockwell.

The pliers shall be the box lock type with no looseness between the two halves of the pliers in the open or closed position.

Workmanship. The pliers shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One pliers as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.
