4.4.2.1: Delete and substitute:

"4.4.2.1 Helmet shell mold authorization, and helmet shell hole authorization. Prior to beginning production under any contract (see 6.2), one helmet shell produced from each mold, shall be submitted to the procuring activity for examination and conformance to the shell dimensions, and hole locations specified in Drawings 8-2-658 and 8-2-659. Approval of the shell for dimensional conformance will authorize that mold for use in production under that contract. Approval of the shell hole locations will authorize the use of that drilling process for the location of the holes. Any subsequent change to the mold or drilling process after acceptance shall require reauthorization from the procuring activity."
