PAGE 1

* 1.4, primary electrical characteristics, pulse response, t_r column, delete "t_r" and substitute "t_d"; t_d column, delete "t_d" and substitute "t_r".

PAGE 4

4.4.3, before subgroup B3, add the following:

"	B1	2026	Except general requirements of MIL-STD-750, item B (which includes 4.2 and 4.2.1). NOTE: It is intended that steam aging requirement be optional for a period of 6 months after the date of this specification. "

NOTE: The margins of this amendment are marked with asterisks to indicate where changes from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
