DATA ITEM DESCRIPTION

Title: CONFIGURATION STATUS ACCOUNTING (CSA) INFORMATION

Number: DI-SESS-81253D
AMSC Number: N10147
DTIC Applicable: No
Preparing Activity: NM
Applicable Forms: N/A

Approval Date: 20200211
Limitation: N/A
GIDEP Applicable: No
Project Number: SESS-2020-010

Use/relationship: The Configuration Status Accounting (CSA) Information provides details about the current configuration of items being developed for and used in the DoD inventory, documentation and identification numbers relating to those items, and changes to the items and their configuration documentation. This information is needed to manage and provide support during the lifecycle of those items.

a. This DID contains the format, content, and intended use information for the data deliverable resulting from the work task described in EIA-649-1 and the principles of EIA-649 (Copies of these standards are available online at www.sae.org or from SAE International, 400 Commonwealth Drive, Warrendale, PA 15096-0001, Tel 877-606-7323 [inside USA and Canada] or 724-776-4970 [outside USA]).

b. This DID supersedes DI-SESS-81253C.

Requirements:

1. Reference Documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

2. Format. The CSA Information shall be prepared in Supplier format.

3. Content. The CSA shall identify:
   a. Specifications generated for this project.
   b. Drawings generated for this project.
   c. Software and firmware listings generated for this project.
   d. Supporting documents (such as test procedures, reports, analyses) generated as a part of this project.
   e. Special identifiers utilized to “tag” parts, assemblies, and software used in each product.
   f. Listings of parts installed in each serial-numbered product as delivered and as changed through maintenance and modification activities.
   g. Engineering changes and their implementation activities.

DISTRIBUTION STATEMENT A. Approved for public release. Distribution is unlimited.

Check the source to verify that this is the current version before use.

h. Variances and activities related to obtaining the CSA consideration.

i. Configuration audit action items and their closeout dates.

j. The organizations performing the roles of Current Documents Change Authority, Application Activity, and Document Custodian for each project document.

k. A unique identifier that indicates file version number and reflects a “submitted” status for each digital file.

l. An altered (i.e., annotated or redlined) file version number from the originally submitted file version number to assure file integrity.

End of DI-SESS-81253D
