Strength 1, Size 1, Strength 2, and Strength 4, shall be suitable for intramuscular or intravenous use.

Strength 1, Size 2, Strength 3, and Strength 5, shall be suitable for intravenous use.

Workmanship. The product shall be free from defects which detract from its appearance or impair its serviceability.

Unit.

For Strength 1, Size 1, and Strength 2 - Bottle (BT) (Vial). One bottle (vial), as specified, constitutes one unit.

For Strength 1, Size 2, and Strength 3 - Package (PG). Shall be supplied in a commercially available bottle with a rated capabity of not less than 100 ml. Bottle shall be supplied with a suitable hanging device which allows the bottle to be hung for intermittent intravenous administration. One package containing one bottle and one hanging device, as specified, constitutes one unit. Bottle closure shall be compatible with stocklisted intravenous sets:

6515-00-088-8868
6515-00-117-9021
6515-00-118-1341
6515-00-433-2089

For Strength 4 - Package (PG). Shall be supplied in a commercially available vial. One package containing 10 vials, as specified, constitutes one unit.

For Strength 5 - Package (PG). Shall be supplied in a commercially available oversized vial with a rated capacity of not less than 100 ml. Vial shall be supplied with a suitable hanging device which allows the vial to be hung for intermittent intravenous administration. Vial closure shall be compatible with stocklisted intravenous sets.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurdisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Numbers are covered by this document:

NSN	ITEM IDENTIFICATION	STRENGTH	SIZE
6505-00-900-0354	OXACILLIN SODIUM FOR INJECTION, USP, Equivalent to 1.0 Gram of Oxacillin	1	1
6505-00-900-0901	OXACILLIN SODIUM FOR INJECTION, USP, Equivalent to 0.5 Gram of Oxacillin	2	
6505-01-004-1020	OXACILLIN SODIUM FOR INJECTION, USP, Equivalent to 2.0 Gram of Oxacillin	3	2
