COMMERCIAL ITEM DESCRIPTION

ISOPROTERENOL HYDROCHLORIDE INHALATION AEROSOL, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for MIL-I-37093 which is cancelled.

Salient Characteristics:

Shall be Isoproterenol Hydrochloride Inhalation Aerosol, USP.

Shall be in accordance with the requirements of the USP.

Shall contain 0.25 percent (w/w) isoproterenol hydrochloride within the applicable assay limits for the aerosol.

Materials used in the manufacture of the product shall be of a pharmaceutical grade.

For Type 1, the aerosol must be considered by the FDA to be therapeutically equivalent to Isoproterenol Hydrochloride Inhalation Aerosol, USP, by Riker Laboratories at the same dosage and administration schedule.

For Type 2, the aerosol must be considered by the FDA to be therapeutically equivalent to Isoproterenol Hydrochloride Inhalation Aerosol, USP, by the Winthrop-Breon Laboratories at the same dosage and administration schedule.

Shall be supplied 15 ml in a commercially available immediate container and shall deliver at least 300 single dose inhalations.

Workmanship. The Aerosol shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing one immediate container together with a detachable plastic mouthpiece with built-in nebulizer and protective cap, as specified, constitutes one unit.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurdisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Numbers are covered by this document:
