MS36488-6	150 cm^2	straight	rubber

MATERIAL: The flask shall be made of polystyrene.

DESIGN: The flask shall have a rectangular base with parallel sides. The flask shall have a standard threaded neck. Screw caps shall be made of molded phenolic resin plastic with threads that will accomodate their respective bottles and with either rubber or plug seals.

NOTES:
1. Items differing from this military standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.
2. Referenced documents shall be of the issue on date of invitation for bids.

USER ACTIVITIES: KX, TU, 75, 40, 01, 23

REVIEWER ACTIVITIES: ARMY - MD
NAVY - OS
AIR FORCE - 03

This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
