AMENDMENT

TO

INTERIM FEDERAL SPECIFICATION

SWATTER, FLY

This amendment was developed by the Standardization Division, Federal Supply Service, General Services Administration, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this amendment as a valid exception to Interim Federal Specification GGG-S-00850 (GSA-FSS) dated November 17, 1966.

PAGE 1

Paragraph 2.1, line 4 - Delete:

"L-P-390 - Plastic, Moulding Material, Polyethylene, Low or Medium Density".

PAGE 2

Paragraph 3.3.1 - Delete in its entirety and substitute:

3.3.1 Blades. The blades shall be fabricated from insect screening type wire mesh or virgin polyethylene plastic. Blades may be of any style provided they stay within the dimensions specified herein.
