INTERIM AMENDMENT

FEDERAL SPECIFICATION

DISPENSER, TOOTHPICK

This Interim Amendment was developed by the General Services Administration, Federal Supply Service, Washington, D.C. 20407, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized Federal agencies to use this Interim Amendment as a valid exception to Federal Specification RR-D- 527a, dated October 21, 1966.

PAGE 1

Paragraph 3.1 - delete and substitute:

"3.1 Materials"

PAGE 2

Paragraph 3.11 - delete and substitute:

"3.1.1 Dispenser. Dispenser shall be formed of metal, wood, plastic or any combination thereof."

Paragraph 3.1.1.1 - delete and substitute:
"3.1.1.1 Metal. Metal shall be either stainless steel or aluminum and shall be of sufficient thickness to assure adequate strength for the purpose intended."

Paragraph 3.1.1.2 - delete and substitute:
"3.1.1.2 Wood. Wood shall be the best grade of beech."

Paragraph 3.1.1.3 - delete and substitute:
"3.1.1.3 Plastic. Plastic shall be either molded cellulose acetate plastic conforming to L-P-349 or molded polystyrene plastic conforming to L-P-396 and shall be of sufficient thickness to assure adequate strength for the purpose intended."

Paragraph 3.1.2 - delete and substitute:
"3.1.2 Dispenser pads. Dispenser shall be equipped with a minimum of four non-slid pads of a non-metallic material to assure stability when dispenser is actuated."

Paragraph 3.2- delete and substitute:
"3.2 Color. Plastic shall be made in four colors: red, black, grey or white, as specified (see 6.2). Wood shall be in natural color and metal shall be in natural color or anodized, as applicable."

Paragraph 3.4 - delete and substitute:
"3.4 Finish. All exposed or visible parts of metal shall have a polished or anodized finish. All exposed or visible parts of wood shall have a lacquer finish. All exposed or visible parts of plastic shall be uniform in gloss."
