INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

RUBBING COMPOUND, LACQUER

This Interim Amendment was developed by the General Services Administration, Federal Supply Service, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for change to the preparing activity at the address shown above.

The General Services Administration has authorized Federal agencies to use this Interim Amendment as a valid exception to Federal Specification TT-R-771B, dated November 12, 1968.

PAGE 5

Add new paragraph:

4.4 Examination of preparation for delivery. An examination shall be made to determine that the packaging, packing and marking requirements of section 5 are complied with.

Paragraphs 5.1.1 and 5.1.2 - delete and substitute:

5.1.1 Levels A and B. The rubbing compound shall be furnished in 1 quart, 5 pound quantities filled into cans conforming to PPP-C-96, type V, class 2, or 25 pounds quantity filled in a pail conforming to PPP-P-704, type I or II, class optional, (see 6.2).

Paragraph 5.2.1 second line: delete "parts" and substitute "pails".
