FEDERAL SPECIFICATION

BATTERIES, STORAGE, (LEAD ACID, INDUSTRIAL)

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration.

Federal Specification W–B–136a, dated December 5, 1952, is hereby canceled. Interim Federal Specification W–B–00133 (GSA–FSS), Batteries, Storage (Lead-Acid, Motive Power), dated March 24, 1959 and Interim Federal Specification W–B–00136b (GSA–FSS), Batteries, Storage (Lead Acid, Industrial), dated March 24, 1959, based predominantly on performance, have been issued for use in lieu of Federal Specification W–B–136a.

NOTE.—Existing contracts making reference to Federal Specification W–B–136a are not affected by this cancellation.
