RECORD OF CHANGES TO ASCC AIR STDS/ADV PUBS
- WORKING PARTY 52-
AERIAL RECONNAISSANCE

1. The ASCC Management Committee has introduced a simplified method of presenting Changes to Air Standards/Advisory Publications. This method lists the appropriate action to be taken by the person(s) making the necessary changes resulting from each Working Party Meeting.

2. The list containing the Changes and/or new issues may be utilized in the following manner:

a. When used at a Working Party Meeting, it will provide a ready reference of the changes made to Working Party Air Standards and Advisory Publications as a result of the previous meeting; and

b. By keeping a list in the front of the binder(s) containing the Working Party Air Standards/Advisory Publications a record will be available of all changes made to Working Party Air Standards.

3. The following changes to Working Party 52 Air Standards or Advisory Publications are to be actioned and where necessary the change list completed:

a. AIR STD 52/7E - Remove existing AIR STD 52/7E
Insert new AIR STD 52/7F

Changes - Pages 1, 2 and 3 new format. Para 3b - add "ISO 7829 and ANSI PH 2.29.
