TT-I-535D
INTERIM AMENDMENT-1
February 11, 1975

INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

INK, DUPLICATING MACHINE STENCIL, PASTE, BLACK

This interim amendment was developed by the General Services Administration, Federal Supply Service, Washington, DC 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification TT-I-535D, dated September 29, 1972.

PAGE 2

Paragraph 3.3: Delete "500 to 1200" and substitute "350 to 550".

PAGE 2

Paragraph 3.7.1: Delete "1.040" and substitute "1.060".

PAGE 9

Add new paragraph 6.3: "Black paste inks for use in single cylinder (drum type) internally inked duplicating machines may vary in composition, depending upon supplier and could be incompatible. It is advisable when changing ink from different suppliers, to have machines thoroughly cleaned."
