COMMERCIAL ITEM DESCRIPTION

CLIP, ELECTRICAL, FUSE,

GENERAL REQUIREMENTS FOR

The General Services Administration has authorized the use of this Commercial Item Description (CID) for all federal agencies.

1. SCOPE. This CID covers the general requirements for electrical fuse clips. Detailed characteristics are contained in the associated CID sheets.

2. CLASSIFICATION. This CID uses a classification system which is included in the Part or Identification Number (PIN) as shown in the following example (see 6.1).

AA55507	/01	-05
CID number	CID sheet number	Dash number (see CID sheet)

3. SALIENT CHARACTERISTICS

3.1 Design and construction. Fuse clips supplied to this CID shall be as specified herein and on the CID sheets. All metals shall be corrosion-resistant or shall be treated to resist corrosion. Metals shall be properly heat treated to ensure that they meet the specified performance requirements.

3.2 Marking. Fuse clips supplied to this CID shall be marked with the manufacturer's standard commercial marking.

4. QUALITY ASSURANCE PROVISIONS

4.1 Contractor certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this CID, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

4.2 Certificate of compliance. Each contractor desiring to be listed as a suggested source of supply shall submit a DESC certificate of compliance to DESC-ELDM. This certificate shall state that the contractor's product meets all the requirements of this CID. In addition, a certificate of compliance shall accompany all fuse clips supplied to this CID.

Beneficial comments, recommendations, additions, deletions, clarifications, etc., and any data which may improve this document should be sent to: Defense Electronics Supply Center, ATTN: DESC-ELDM, 1507 Wilmington Pike, Dayton, OH 45444-5765, or telephone (513) 296-5255, or facsimile (FAX) (513) 296-8868.

Check the source to verify that this is the current version before use.

5. PACKAGING

5.1 Preservation, packing, and marking. Preservation, packing, and marking shall be as specified in the contract or order.

6. NOTES

6.1 PIN. The PIN should be used for Government purposes to buy commercial products to this CID. See section 2.1 for PIN format example.

6.2 Source of documents. See the associated CID sheets.

6.3 Government users. To acquire information on obtaining these fuse clips from the Government inventory system, contact Defense Electronics Supply Center, ATTN: DESC-EOE, 1507 Wilmington Pike, Dayton, OH 45444-5000, telephone (513) 296-5184.

6.4 Ordering data. The contract or order should specify the following:

a. CID document number, revision, and CID PIN.

b. Quality assurance provisions.

c. If a bid sample is required.

d. Packaging requirements.

6.5 CAGE code. For ordering purposes, inventory control, and submission of these fuse clips to DESC under the Military Parts Control Advisory Group (MPCAG) evaluation program, CAGE code 58536 should be used.

6.6 Suggested sources of supply. See the applicable CID sheets.

6.7 Supersession data. See the applicable CID sheets.
