COMMERCIAL ITEM DESCRIPTION

BEDPAN

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers an autoclavable, plastic, fracture bedpan.

Salient characteristics:

The unit shall be a fracture bedpan suitable for use with immobile or obese patients, or as a female urinal. The bedpan may have an integral molded handle and may be tapered to assist in insertion and removal beneath the patient.

The bedpan shall be constructed of a suitable plastic material capable of withstanding autoclaving up to a temperature of 275° Fahrenheit (135° Centigrade) without permanent deformation or damage.

The bedpan shall be capable of supporting a 300 pound patient without permanent deformation or damage.

The overall dimensions of the bedpan shall be as follows with tolerances of ± 1/2 inch (1.3 cm).

Length:	11-7/8 inches	(30.2 cm)
Width:	9-1/2 inches	(24.1 cm)
Height:	2-7/8 inches	(7.3 cm) at one end

When the bedpan is filled to capacity, it shall not leak or overflow.

The bedpan shall rest on a flat surface without rock or wobble. The bedpan shall provide relative comfort, stability, and balance for patient use.

The bedpan shall withstand being dropped from a distance of 36 inches onto a hard surface, striking the floor at any given angle, without damage to the bedpan.

The bedpan shall be free of cracks, burrs, scratches, thin spots, sharp edges, and other imperfections. The bedpan surface shall be free of dirt, loose debris, or other foreign embedded material.

AMSC N/A FSC 6530

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Workmanship. The bedpan shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing twelve bedpans, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

6530-01-166-5112

Ordering data. Intermediate/exterior package quantities, labeling, and marking must be specified in the contract and/or order.

INSTRUCTIONS. In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE. This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
