COMMERCIAL ITEM DESCRIPTION

HOLDER, LABORATORY NEEDLE (Dissecting)

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a laboratory needle holder with a removable straight point dissecting needle.

Salient characteristics:

Shall be a laboratory needle holder with a clamp or chuck at the distal end. The clamp or chuck shall be adjustable to tighten (secure) or loosen the hold on an inserted dissecting needle.

Shall be supplied with a straight point dissecting needle that is at least 2 inches (50 millimeters) long.

Shall have the holder body fabricated of aluminum, or fabricated of brass with a nickel or chromium plating. The holder body shall be hexagonal or round in cross-sectional shape at its center length. If round shaped, the holder body shall include serrations to facilitate handling.

Shall have clamp or chuck fabricated of brass with a nickel or chromium plating. The clamp or chuck shall have serrations or grooves to facilitate handling.

Shall have holder body supplied with an overall length of at least 3 inches (76.2 millimeters). The width of the cross-section, at the center length, shall be at least 3/16 inches (.075 millimeters) diameter or 3/16 inches (.075 millimeters) across flats for the hexagonal shape.

Workmanship. The laboratory needle holder with straight point needle shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Each (EA). One holder, as specified, constitutes one unit.

Quality Assurance Provisions.

Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

Records. Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government upon the Government's request, at any time, or from time to time, during the performance of the contract and for a period of three years after delivery of the supplies to which such records relate.

Inspection. Inspection, as used herein, is defined as both examination (such as visual or auditory investigation without the use of special laboratory appliances or procedures) and testing (determination by technical means of physical and chemical properties) of the item.

Inspections and Tests. Inspections and tests shall be conducted in accordance with commercial practice to determine compliance with specification requirements. Sampling for inspections and tests shall be conducted in accordance with commercial practice.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE. This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document*(s)* or to amend contractual requirements.
