COMMERCIAL ITEM DESCRIPTION

LIPSTICK, ANTICHAP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-L-655B which is cancelled.

Salient characteristics.

Shall be Lipstick, Antichap, suitable for use in both hot and cold climates.

Shall be a clean, smooth, homogenous, unpigmented, unscented, palatable, non-toxic lipstick suitable for use on the lip to prevent chapping and sunburn.

Shall have a Sun Protection Factor (SSP) of not less than 15.

The weight of the usable lipstick (Fill weight) shall be not less than 4.2 grams.

Shall be stable and suitable for use after exposure to temperatures from -20°F to 135°F, nominal when tested by a suitable, accurate, and reproducible method.

Shall have a hardness of 6 to 8.5 mm when tested by using a Universal Penetrometer on the surface of a 1-lb sample.

Workmanship. The lipstick shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing 100 lipsticks, as specified, constitutes one unit.

AMSC/NA FSC 6508

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Number of months remaining from date of manufacture to date of delivery to Government, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
