DEPARTMENT OF THE NAVY
NAVAL SEA SYSTEMS COMMAND

Washington, DC 20362

Ship Compartment Standard Nomenclature

MIL-STD-1624A(SH)

1. This Military Standard is approved for use by the Naval Sea Systems Command, Department of the Navy, and is available for use by all Departments and Agencies of the Department of Defense.

2. Beneficial comments (recommendations, additions, deletions) and any pertinent data which may be of use in improving this document should be addressed to: Commander, Naval Sea Systems Command, SEA 55Z3, Department of the Navy, Washington, DC 20362 by using the self-addressed Standardization Document Improvement Proposal (DD Form 1426) appearing at the end of this document or by letter.

FOREWORD

The purpose of this standard is to provide a list of standard compartment names for use by designers, shipbuilders, and repair facilities involved in ship compartment definition. This list does not constitute a task for backfit. However, as active fleet ships require new designations, this standard is to be implemented.

1. SCOPE

1.1 Scope. This standard provides a list of standard compartment names for use by designers, shipbuilders and repair facilities involved in ship compartment definition.

2. REFERENCED DOCUMENTS

2.1 Issues of documents. The following document of the issue in effect on the date of invitation for bids or request for proposal, forms a part of this standard to the extent specified herein.

STANDARD

MILITARY

MIL-STD-12 - Abbreviations For Use on Drawings, and in Specifications, Standards and Technical Documents.

(Copies of standards required by contractors in connection with specific acquisition functions should be obtained from the contracting activity or as directed by the contracting officer.)

3. DEFINITIONS

3.1 Abbreviations. Abbreviations shall be in accordance with MIL-STD-12.

3.2 Definitions of symbols. Definitions of symbols used in this standard shall be as folows:

(a) Compartment names indicated to be '/obsolete/' have been functionally stricken from ships in the active fleet. These compartment names will be retained in the list for a period of five years, but shall not be used for new designs.

Example:

#Cobbler Shop /Obsolete/

(b) Phrases surrounded by asterisks are standard names which replace the old term to the left.

Example:

#Butcher Shop *Meat Preparation Room*

(c) Words in the right column surrounded by slashes indicate applicable ship types.

Example:

#Chief of Boat Office /submarines/

(d) Groups of words separated by a dash indicate an area within a large compartment or complex of compartments.

Example:

Combat Information Center - Air Operation Area

(e) Compartment names may be combined when two or more separate functions are performed in the same compartment.

Example:

Crew Recreation Room and Library

(f) Compartment names with a pound sign (#) to the left of the name have been changed during the last revision or are new names.

Check the source to verify that this is the currentversion before use.

4. GENERAL REQUIREMENTS

Not applicable.

5. DETAILED REQUIREMENTS

5.1 Ship standard nomenclature. Ship standard nomenclature shall be as set forth in the appendix.

6. NOTES

6.1 When a compartment name is used in correspondence, specifications, or reports, only the first letter of each word in the compartment name is to be capitalized.

Preparing activity:
Navy - SH
(Project 1990-N044)
