S5.2 Classification. Shall be type VI.

S5.2 The following is added to this paragraph:

Strength 1 shall be tablets containing 0.3 mg of Nitroglycerin per tablet, within the applicable assay limits for the tablets.

Strength 2 shall be tablets containing 0.6 mg of Nitroglycerin per tablet, within the applicable assay limits for the tablets.

S6.4.9.1 In lieu of the U.S.P. disintegration test, the following solubility test shall apply:

Solubility test. The tablets shall completely dissolve in the ratio of one tablet to 2.50 ml of Purified Water, U.S.P., at 25°C., in not more than 30 seconds. Moderate agitation or shaking may be employed to facilitate solution. No effervescence shall occur during or after solution. The resulting solution shall be clear and free from undissolved or particulate matter, when examined without accessory magnification. A quantity of not less than six tablets shall be individually tested. Each tablet shall be tested in an individual test tube having a diameter of approximately 15 mm.

4. QUALITY ASSURANCE PROVISIONS

4.1 Supplier responsibility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or order, the supplier may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.1.1 Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government, upon the Government's request, at any time, or from time to time, during the performance of the contract and, (i) as to any expiration dated item, for the expiration dating period (potency period) specified by the contractor for such item, or such longer period as may be required by regulation of any federal agency; or (ii) as to non-dated items, for not less than 3 years after delivery of the item to the Government.
