COMMERCIAL ITEM DESCRIPTION

STOPPER, WASTE DRAIN

The General Services Administration has authorized the use of this commercial item description in preference to Federal Specification WW-D-001991, type II.

Stoppers covered by this description are intended for use with sinks, baths and laundry tubs. Stoppers shall be of the following sizes, as specified:

Size 1 inch
Size 1-1/8 inch
Size 1-1/4 inch
Size 1-3/8 inch
Size 1-1/2 inch

Salient characteristics:

Color shall be uniform white.

Shall be solid rubber or suitable elastomeric material.

Post and ring shall be stainless steel, carbon steel or brass. Carbon steel and brass post and rings shall be either chrome or nickel plated.

Size of stopper shall apply to outside diameter at bottom.

Tolerance of diameter shall be ± 1/64 inch.

Workmanship. Ring and post shall be free of burrs and sharp edges. Stoppers shall be free of defects which may impair serviceability, durability or appearance.

Note. Purchasers should specify size of stopper required in contract or purchase documents.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, packaging, packing, labeling, and marking. Preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

PREPARING ACTIVITY:

GSA - FSS
